ANNEXURE – II

STATEMENT OF IMPUTATION OF MISCONDUCT OR MISBEHAVIOUR IN SUPPORT OF EACH ARTICLE OF CHARGE FRAMED AGAINST SRI N.V.RAMANA MURTHY, THE THEN EXECUTIVE ENGINEER, RURAL WATER SUPPLY & SANITATION DIVISION, PADERU OF ASR DISTRICT, NOW RETIRED FROM SERVICE:

The Director General, (Vig.&Enft.), General Administration (Vigilance & Enforcement) Department has submitted a Vigilance Report No.15 (C.No.247-1(RWS&S/V&E/E/2016), dated 19.03.2024 to the Government. In their report the V&E officials stated that they have verified the work “Providing Multi Village Scheme (MVS) to G.Madugula and other habitations in Visakhapatnam” and it was noticed that the average equivalent cube compressive strength of cement concrete core samples extracted from the intake well cum pump house at Dimsagummigedda and 60 KL GLBR at Teegalametta, G.Madugula did not attain the strength requirements of the specified grade of M30 Concrete and also were not satisfying the strength requirements of the lower grade of M25 concrete as IS 456:2000.

Core ID	Location of the core extracted	Grade of concrete	Compressive Strength in N/mm2		Remarks
			Achieved	Required	
Intake well cum Pump House					
GRIP 1	0.55m from Ground level (north face of intake)	M30	9.70	22.50 (75%)	Failed
GRIP 2	1.58m from Ground level (south face of intake)	M30	5.10	22.50 (75%)	Failed
GRIP 3	1.88m from Ground level (East face of intake)	M30	9.0	22.50 (75%)	Failed
Average			7.93	22.50(85%)	Failed
60 KL GLBR at G.Madugula (Teegalametta)					
GRT R 4	0.42m from slab bottom (South face of side wall)	M30	13.20	22.50 (75%)	Failed
GRT R 5	0.34m from slab bottom (west face of side wall)	M30	16.20	22.50 (75%)	Failed
GRT R 6	0.20m from slab bottom (south face of side wall)	M30	16.90	22.50 (75%)	Failed
Average			15.43	25.50 (85%)	Failed

The work should be executed as per the departmental standard specifications and IS codal rules but the intake well-cum-pump house and 60

(PTO)

KL GLBR at Teegalametta were found to be liable for rejection, affecting the strength and life of the structure, leading to the necessity of reconstruction of the rejected component. Hence, an amount of Rs.5,06,063/- was arrived towards the cost of rejected components of work, which has to be recovered from the agency and to be reconstructed as well.

Thus, Sri N.V.Ramana Murthy, while working as Executive Engineer, Rural Water Supply & Sanitation Division, Paderu, now retired from service has super check-measured despite inferior quality of concrete which did not meet departmental standard specifications and IS codal rules, failed to supervise the curing activity, which has affected the strength and life of structure and recommended for bill payment despite inferior quality of concrete, thereby causing a financial loss to an amount of Rs.5,06,063/-.

From this, it is evident that Sri N.V.Ramana Murthy, while working as Executive Engineer, Rural Water Supply & Sanitation Division, Paderu, now retired from service has failed to discharge his legitimate duties, has shown gross negligence, while discharging duties, lack of devotion to duty, lack of integrity, behaving in a manner unbecoming of a Government employee and violated Rules 3(1) and 3(2) of Andhra Pradesh Civil Services (Conduct) Rules, 1964.

Hence the charge.
